

Apex Roofing & Solar - Official FAQ

This document contains the standard operating procedures, pricing, and policies for Apex Roofing & Solar. Please reference this information when assisting customers.

1. General Information

Q: What are your business hours?

A: We are open Monday through Friday, from 8:00 AM to 6:00 PM. We are closed on weekends and major national holidays.

Q: What areas do you service?

A: We proudly service the entire Metro area, including all suburbs within a 50-mile radius of downtown.

2. Pricing & Services

Q: How much does a residential roof inspection cost?

A: Standard residential roof inspections are \$150. If the customer proceeds with a repair or replacement, this fee is credited toward their final bill.

Q: How much does a commercial roof inspection cost?

A: Commercial roof inspections start at \$250, depending on the square footage of the building.

Q: Do you offer emergency leak repairs?

A: Yes, we offer priority emergency tarping and leak mitigation for a flat dispatch fee of \$300.

3. Solar Installations

Q: How much do solar panels or solar batteries cost?

A: We do not provide flat pricing for solar panel or battery installations. All solar projects require a custom quote based on the property's sun exposure, energy needs, and roof condition.

Q: How long does a solar installation take?

A: Once permits are approved, the physical installation typically takes 2 to 3 days.
